

Road tanker for LIC

Regulation	: ADR 2008/68/EC (94/55/EC), 2007/46/EC
ADR class	: 2,3A
ADR vehicle type	: AT
Tank	
Design code	: EN14398
ADR tank code	: R26BN
Design temperature range	: -40 / +50°C
Design pressure	: 26 bar
MAWP	: 20 bar
Isolation	: PIR
Tank volume (optimized to specification)	: 27m3 at 9200kg empty weight (40t GVW) : 36m3 at 11300kg empty weight (56t GVW) : other volumes and configurations on request
Piping system	
Tank connections and piping system	: to specification
Measuring system	: to specification (MID 2004/22/EC)
Pump system	: to specification hydraulic or electric drive
Vehicle chassis	
Type	: integrated (self supported)
Axles, rims and tyres	: to specification
Braking system	: to specification
