

## Road tanker for LPG

Regulation	: ADR 2008/68/EC (94/55/EC), 2007/46/EC
ADR class	: 2,2F
ADR vehicle type	: FL
Tank	
Design code	: EN12493, EN14025
ADR tank code	: P25BN
Design temperature range	: -40 / +50°C
Design pressure	: 25 bar
MAWP	: 19,2 bar
Isolation	: sun shield
Tank volume (optimized to specification)	: 66m3 at 13400kg empty weight (50t GVW) : 59m3 at 11600kg empty weight (44t GVW) : 53m3 at 10400kg empty weight (40t GVW)
Piping system	
Tank connections and piping system	: to specification (EN12252)
Measuring system	: to specification (MID 2004/22/EC)
Pump system	: to specification hydraulic or electric drive
Vehicle chassis	
Type	: integrated (self supported)
Axles, rims and tyres	: to specification
Braking system	: to specification
